

AUXILIARY TO UHNBC 2022 HEALTHCARE EDUCATION BURSARIES

The **AUXILIARY TO UHNBC 2022 HEALTHCARE
EDUCATION BURSARIES** exist to assist in the

education of deserving students enrolled in post-secondary education, at a recognized educational institution, in a human health care field. The Auxiliary has instituted these bursaries in honor of the health care workers who so diligently cared for their communities during the Covid 19 pandemic. We see great value in supporting the education of future healthcare workers and have dedicated our fund raising efforts to this end for the 2022 school year.

We have pledged **\$50,000.00** in
educational funding for Prince George
residents.
